There are no formal entry requirements to attend this course however candidates should have a basic knowledge and understanding of electrical science and the principles of electrical installation work.

ASSESSMENT BODY

2 Hour Online Exam

DURATION

3 Days

COURSE PROGRAMME

This 3-day course will give candidates an in-depth knowledge of the key areas of the 18th Edition Wiring Regulations

- Scope, object and fundamental principles
- Definitions
- Assessment of general characteristics
- Protection for safety
- Selection and erection of equipment
- Inspection and testing
- Special installations or locations
- Appendices

At the end of this course there will be a 2 hour examination.
Please ensure you bring **photographic ID** with you.
Failure to do so will prevent you from sitting this exam.

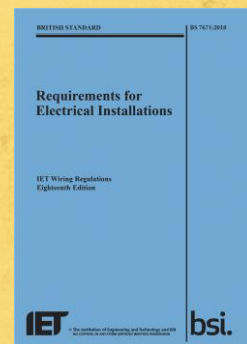

WHAT WE PROVIDE

- Lunch and refreshments
- Learners Guide

WHAT YOU NEED TO BRING WITH YOU*

- Photographic ID
- Calculator with the square root function (not part of a smart phone application)
- A copy of BS 7671:2018 – 18th Edition. You can order a copy of the book [here](#)

Note: Not having the above item on the day of your training could seriously compromise the quality of your learning.

WHO SHOULD ATTEND THIS COURSE?

This course is suitable for people working in the electrotechnical industry and looking to achieve the latest edition of the BS7671 including those who have completed their 17th edition training prior to 3rd Amendment 2015.

COURSE OUTCOME

Successful candidates will hold the full qualification, be able to demonstrate a much better understanding of the 18th Edition of BS7671, and should be able to apply the understanding within their role.

WORK AREAS
