

FIRE ALARM

Provides the basic required knowledge to progress to either the design, install , maintenance or commissioning module.

Who should attend?

This course is aimed at contractors looking to gain a basic understanding of the requirements of BS5839 Part 1 and who wish to progress to one of the additional fire alarm modules

There are no formal entry requirements to attend the course, however it is ideally suited to practicing electricians or people who wish to ensure others are doing the job correctly, such as risk assessors, site agents or landlords.

Work areas

Commercial, domestic and industrial applications.

What will I learn?

The course will provide a general understanding of how to ensure fire alarm systems comply with BS5839. Candidates will gain an understanding of design, installation, servicing and commissioning activities and will also be shown how to complete the relevant certificates.

Delegates will also gain an understanding of:

- The legal requirements
- Risk assessments
- Designing to save lives
- Document B and Document M
- The Disability Discrimination Act
- Regulatory Reform (Fire Safety) Order

Benefits

Successful candidates completing this course will gain valuable knowledge in designing fire alarm systems to meet with the requirements of BS5839 and will form the basis for progressing onto the design, installation, maintenance or commissioning modules.

COURSE PROGRAMME

Day 1 (Morning session)

Understanding products in the marketplace

Siting of equipment such as detectors and Fire Alarm panels

Service and commissioning

Day 1 (Afternoon session)

Regulatory Reform (Fire Safety) Order

Designing to save lives

Understanding BS5839

Log books

Completing certificates

Do's and don'ts

Assessment body:

NICEIC

What do I need to bring with me?

Note-taking material (recording devices not allowed)

Next steps:

Successful candidates might also be interested in completing the design, installation, maintenance or commissioning modules or the Emergency Lighting course.

Why train with us?

We provide:

- Highly-skilled, qualified lecturers
- Purpose-built training facilities
- One-stop-shop for NICEIC enquiries
- Lunch and refreshments provided
