

EPF Easy Phase Finder Range

EPF 20

- Low cost solution to finding the phase - live supply
- Does away with dim fragile neons, a bright LED gives clear to read indication from dim to bright conditions
- Construction and finger guard configuration give full conformance with latest Euronorm safety standards
- Fully drop proof from 2 metres gives robust working life
- Built-in push button self test to guarantee correct working
- Bright LED Plus continuous audible tone to indicate found phase - live supply
- BSEN 61010

EPF 30

Until now the limitation of all known phase - live detectors is that under OPEN CIRCUIT parallel conductor conditions - testers will give false indication of a live conductor. BUT with the EPF 30 - even with a mixed bundle of open circuit conductors and only one phase - live - EPF 30 will find the TRUE phase - live conductor.

- Built-in push button self test to guarantee correct working
- Bright LED Plus continuous audible tone to indicate found phase - live supply
- Patented TPL (True Phase Locator-) Technology finds the true phase supply even in the presence of open circuit conductors
- Auto power off to conserve battery life

About Socket & See Products.....

Socket & See is a range of test equipment products that offer top quality performance allied to exceptional value.

Each product has been chosen and tested to ensure that they give many years of reliable operation in everyday use.
